

THE PILGRIM FEDERATION OF CHURCH OF ENGLAND SCHOOLS SPECIAL EDUCATIONAL NEEDS POLICY

1. Aims and objectives
2. Responsibility for the coordination of SEND provision
3. Arrangements for coordinating SEND provision
4. Admission arrangements
5. Specialist SEND provision
6. Facilities for pupils with SEND
7. Allocation of resources for pupils with SEND
8. Identification of pupils' needs -
9. Access to the curriculum, information and associated services
10. Inclusion of pupils with SEND
11. Evaluating the success of provision
12. Complaints procedure
13. In service training (CPD)
14. Links to support services
15. Working in partnership with parents
16. Links with other agencies and voluntary organisations

The Children and Families Act 2014 came in to force from the 1st September 2014. A new SEND Code of Practice also accompanies this legislation. More details about the reforms and the SEND Code of Practice can be found on the Department for Education's website:

www.education.gov.uk/schools/pupilsupport/sen

One significant change arising from the reforms is that Statements of Special Educational Needs, for those children with the most complex needs, have now been replaced with a new Education, Health and Care Plan (EHCP).

You can view the SEND Information Report on the Pilgrim Federation's website at www.blakeney.norfolk.sch.uk www.kelling.norfolk.sch.uk www.hindringham.norfolk.sch.uk or www.walsingham.norfolk.sch.uk This provides a link to Norfolk County Council's SEND Local Offer.

The SEND Local Offer is a resource which is designed to support children and young people with special educational needs and/or disabilities and their families. It describes the services and provision that are available both to those families in Norfolk that have an Education, Health and Care Plan and those who do not have a plan, but still experience some form of special educational need. The SEND Local Offer includes information about public services across education, health and social care, as well as those provided by the private, voluntary and community sectors.

Definitions of special educational needs (SEND) taken from section 20 of the Children and Families Act 2014.

A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- a) Have a significantly greater difficulty in learning than the majority of others of the same age; or
- b) Have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

A child under compulsory school age has special educational needs if they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

1. Aims and objectives

Aims

We aim to provide every child with access to a broad and balanced education. This includes the National Curriculum in line with the Special Educational Needs Code of Practice.

Objectives

Staff members seek to identify the needs of pupils with SEND as early as possible. This is most effectively done by gathering information from parents, education, health and care services and early year's settings prior to the child's entry into the school.

Monitor the progress of all pupils in order to aid the identification of pupils with SEND. Continuous monitoring of those pupils with SEND by their teachers will help to ensure that they are able to reach their full potential.

Make appropriate provision to overcome all barriers to learning and ensure pupils with SEND have full access to the National Curriculum. This will be co-ordinated by the SENDCo and Executive Headteacher and will be carefully monitored and regularly reviewed in order to ensure that individual targets are being met and all pupils' needs are catered for.

Work with parents to gain a better understanding of their child, and involve them in all stages of their child's education. This includes supporting them in terms of understanding SEND procedures and practices and providing regular feedback on their child's progress.

Work with and in support of outside agencies when the pupils' needs cannot be met by the school alone. Some of these services include Educational Psychology Service (EPSS), Speech and Language Therapy, Children and Adult Mental Health Service (CAMHS), Parent Support Adviser (PSA) and Occupational Therapy.

Create a school environment where pupils can contribute to their own learning.

This means encouraging relationships with adults in school where pupils feel safe to voice their opinions of their own needs, and carefully monitoring the progress of all pupils at regular intervals. Pupil participation is encouraged through school by wider opportunities such as residential visits, school plays and sports teams.

2. Responsibility for the coordination of SEND provision

The person responsible for overseeing the provision for children with SEND is Helen Frier (SENDCo and Deputy Headteacher)

3. Arrangements for coordinating SEND provision

The SENDCo will hold details of all SEND records for individual pupils.

All staff can access:

The Pilgrim Federation SEND Policy on the Federation's website.

Guidance on identification of SEND in the Code of Practice

Information on individual pupils' special educational needs

Practical advice, teaching strategies, and information about types of special educational needs and disabilities

Information, available through The Local Authority's' SEND Local Offer.

This policy is made accessible to all staff and parents in order to aid the effective coordination of the school's SEND provision.

4. Admission arrangements

Please refer to the information on our federation website.

The admission arrangements for all pupils are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEND; those with Education, Health and Care Plans and those without.

5. Specialist SEND provision

We are committed to whole school inclusion. In our school we support children with a range of special educational needs. We will seek specialist SEND provision and training from SEND services where necessary through the SENCo. We will also access professionals through CEPP (The Child Educational Psychology Practice) to enable us to get the right provision in place for pupils with SEND.

6. Facilities for pupils with SEND

The federation complies with all relevant accessibility requirements, please see the schools' accessibility plans for more details.

7. Allocation of resources for pupils with SEND

All pupils with SEND will have access to Element 1 and 2 of a school's budget. Some pupils with SEND may access additional funding. This additional funding might be from a budget which is devolved to and moderated by the Local Authority Virtual School for SEND.

8. Identification of pupils needs

Identification

See definition of Special Educational Needs at start of policy.

A graduated approach: Quality First Teaching

Quality First Teaching is at the heart of meeting the needs of children with SEND. It is the responsibility of all class teachers to recognise and plan for the individual needs of all children in their class. Where the class teacher requires further guidance and advice, the SENDCo will provide this or will refer to outside agencies, to seek specialist support where this is required.

- a) Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
- b) Once a pupil has been identified as possibly having SEND they will be closely monitored by staff in order to gauge their level of learning and possible difficulties.
- c) The child's class teacher will take steps to provide differentiated learning opportunities that will aid the pupil's academic progression and enable the teacher to better understand the provision and teaching style that needs to be applied.
- d) The SENDCo will be consulted as needed for support and advice and may wish to observe the pupil in class.
- e) Through (b) and (d) it can be determined which level of provision the child will need going forward.
- f) If a pupil has recently been removed from the SEND register they may also fall into this category as continued monitoring will be necessary.
- g) Parents will be informed of their child's development and the circumstances under which they are being monitored. They are encouraged to share information and knowledge with the school.
- h) The child is recorded by the school as being monitored due to concern by parent or teacher but this does not automatically place the child on the school's SEND register. Any concerns will be discussed with parents informally or during parents' evenings.
- i) Parent's evenings are used to discuss and report on the progress being made by children.

SEND Support

Where it is determined that a pupil does have SEND, parents will be advised of this and will be added to the SEND register. The aim of formally identifying a pupil with SEND is to help school ensure that effective provision is put in place and so remove barriers to learning. The support provided consists of a four – part process:

- Assess
- Plan
- Do
- Review

This is an ongoing cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables the identification of those interventions which are the most effective in supporting the pupil to achieve good progress and outcomes.

Assess

This involves clearly analysing the pupil's needs using the class teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents. The pupil's views and where relevant, advice from external support services will also be considered. Any parental concerns will be noted and compared with the school's information and assessment data on how the pupil is progressing.

This analysis will require regular review to ensure that support and intervention is matched to need, that barriers to learning are clearly identified and being overcome and that the interventions being used are developing and evolving as required. Where external support staff are already involved, their work will help inform the assessment of need. Where they are not involved they may be contacted, if this is felt to be appropriate, following discussion and agreement from parents.

Plan

Planning will involve consultation between the teacher, SENDCo and parents to agree the adjustments, interventions and support that are required; the impact on progress, development and or behaviour that is expected and a date for review. Parental involvement may be sought, where appropriate, to reinforce or contribute to progress at home.

All those working with the pupil, including support staff will be informed of their individual needs, the support that is being provided, any particular teaching strategies/approaches that are being employed and the outcomes that are being sought.

Do

The class teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to-one teaching away from the main class teacher. They will work closely with teaching assistants to plan and assess the impact of support and interventions and links with classroom teaching. Support with further assessment of the pupil's strengths and weaknesses, problem solving and advising of the implementation of effective support will be provided by the SENDCo.

Review

Reviews of a child's progress will be made regularly. The review process will evaluate the impact and quality of the support and interventions. It will also take account of the views of the pupil and where necessary their parents. The class teacher, in conjunction with the SENDCo, will revise the support and outcomes based on the pupil's progress and development making any necessary amendments going forward, in consultation with parents and the pupil. The "review" is made in line with progress data using the school's Assessment criteria and or Behaviour/Emotional evidencing

Referral for an Education, Health and Care Plan

If a child has lifelong or significant difficulties, they may undergo a Statutory Assessment Process which is usually requested by the school but can be requested by a parent. This will occur where the complexity of need or a lack of clarity around the needs of the child are such that a multi-agency approach to assessing that need, to planning provision and identifying resources, is required.

The decision to make a referral for an Education, Health and Care Plan (EHCP) will be taken at a progress review.

The application for an Education, Health and Care Plan will combine information from a variety of sources including:

- Parents
- Teachers
- SENDCo
- Social Care
- Health professionals

Information will be gathered relating to the current provision provided, action points that have been taken, and the preliminary outcomes of targets set. A decision will be made by a group of people from education, health and social care about whether or the child is eligible for an EHCP. Parents have the right to appeal against a decision not to initiate a statutory assessment leading to an EHCP.

Further information about EHCP can found via the SEND Local Offer <https://www.norfolk.gov.uk/children-and-families/send-local-offer>

Or by contacting the Norfolk SEND Partnership via their website: <https://www.norfolksendpartnershiassi.org.uk/> or by email sendpartnership.iass@norfolk.gov.uk or telephone: 01603 704070

Education, Health and Care Plans [EHCP]

- Following Statutory Assessment, an EHCP will be provided by Norfolk County Council, if it is decided that the child's needs are not being met by the support that is ordinarily available. The school and the child's parents will be involved developing and producing the plan.
- Parents have the right to appeal against the content of the EHCP. They may also appeal against the school named in the Plan if it differs from their preferred choice.
- Once the EHCP has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing levels of support.

9. Access to the curriculum, information and associated services

Pupils with SEND will be given access to the curriculum through the specialist SEND provision provided by the school as is necessary, as far as possible, taking into account the wishes of their parents and the needs of the individual.

Every effort will be made to educate pupils with SEND alongside their peers in a mainstream classroom setting. Where this is not possible, the SENDCo will consult with the child's parents for other flexible arrangements to be made.

Regular training and learning opportunities for staff on the subject of SEND and SEND teaching. Staff members are kept up to date with teaching methods which will aid the progress of all pupils including those with SEND.

In class provision and support are deployed effectively to ensure the curriculum is differentiated where necessary. We make sure that individual or group tuition is available where it is felt pupils would benefit from this provision.

We set appropriate individual targets that motivate pupils to do their best and celebrate achievements at all levels.

10. Inclusion of pupils with SEND

The Executive Headteacher oversees the school's policy for inclusion and is responsible for ensuring that it is implemented effectively throughout the school.

The school curriculum is regularly reviewed to ensure that it promotes the inclusion of all pupils.

This includes learning outside the classroom. The school will seek advice, as appropriate, around individual pupils, from external support services and through the termly SEND Core Group meetings. Where a behavioural incident warrants exclusion schools have a duty to inform Norfolk County Council.

11. Evaluating the success of provision

In order to make consistent continuous progress in relation to SEND provision the school encourages feedback from staff, parents and pupils throughout the year.

Pupil progress will be monitored on a termly basis in line with the SEND Code of Practice.

SEND provision and interventions are recorded on an individual education plan, which is updated when the intervention is changed. These are updated by the class teacher and are monitored by the SENDCo. These interventions are monitored and evaluated termly by the SENDCo and information is fed back to the staff, parents and governors. This helps to identify whether provision is effective.

12. Complaints procedure

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made by them to speak to the Executive Headteacher or SENDCo, who will be able to advise them on formal procedures for complaint.

13. Professional Development training (CPD)

We aim to keep all school staff up to date with relevant training and developments in teaching practice in relation to the needs of pupils with SEND.

The SENDCo attends relevant SEND courses, Family SEND meetings and facilitates/signposts relevant SEND focused external training opportunities for all staff.

We recognise the need to train all our staff on SEND issues and we have funding available to support this professional development. The SENDCo, with the senior leadership team, ensures Special Educational Needs training opportunities are matched to school development priorities.

14. Links to support services

The school continues to build strong working relationships and links with external support services in order to fully support our SEND pupils and aid school inclusion.

Sharing knowledge and information with our support services is key to the effective and successful SEND provision within our school. Any one of the support services may raise concerns about a pupil. This will then be brought to the attention of the SENDCo who will then inform the child's parents.

15. Working in partnerships with parents

The Pilgrim Federation of Church of England Schools (Blakeney, Hindringham, Kelling and Walsingham C of E Primary Schools) believes that a close working relationship with parents is vital in order to ensure:

- a) Early and accurate identification and assessment of SEND, leading to appropriate intervention and provision
- b) Continuing social and academic progress of children with SEND
- c) Personal and academic targets are set and met effectively. In cases where more frequent regular contact with parents is necessary, this will be arranged based on the individual pupil's needs. The SENDCo may also signpost parents of pupils with SEND to the local authority Parent Partnership service where specific advice, guidance and support may be required.

If an assessment or referral indicates that a pupil has additional learning needs the parents and the pupil will always be consulted with regards to future provision. Parents are invited to attend meetings with external agencies regarding their child, and are kept up to date and consulted on any points of action drawn up in regards to the provision for their child. The school's SEND governor (Hilary Daley) may be contacted at any time in relation to SEND matters.

16. Links with other agencies and voluntary organisations

The Pilgrim Federation of Church of England Schools invites and seeks advice and support from external agencies in the identification and assessment of, and provision for, SEND. The SENDCo is the designated person responsible for liaising with the following:

- Norfolk County Council
- Education Psychology Service (currently CEPP)
- Parent Support Adviser.
- Social Services (FSP leader also liaises)
- Speech and Language Service (Class teacher also liaises)
- Language and Learning Support Service
- School 2 School Support
- Short Stay School for Norfolk
- Specialist Outreach Services

In cases where a child is under observation or a cause for concern, focused meetings will be arranged with the appropriate agency.

This policy was reviewed September 2021.
