NEWSLETTER – 14TH JANUARY 2022

Happy New Year - welcome back!

Hedgehogs

- Welcome to 2022 and the Spring term, Hedgehogs. It is lovely to see that not one of you has decided to hibernate through the winter and you have all come back ready and excited to learn.
- This term we will be blasting off into the unknown to investigate all things out of this world through our space topic.
- A very wonky spaceship has crash landed in our classroom which we will be fixing up over the next few weeks so that we can pay a visit to other planets and experience things 'out of this world'. We have begun to learn about simple algorithms in computing and are going to be making some fabulous space themed bunting with fabric as our DT project (watch this space for a celebration!).
- In English, our focus book this week and next is 'Aliens love underpants' and so you may find the children checking their underwear drawers very carefully when getting dressed each morning. We are working hard on using adjectives to describe.
- In maths we are counting, ordering and partitioning numbers. We are getting great at comparing numbers and saying which is larger/largest and smaller/smallest. Some really big numbers are being used! A great start to the New Year.

Warriors

Happy New Year!

The children in Warriors class have really hit the ground running with their learning and their new topic of 'Where we live'.

In Maths, we are briefly recapping multiplication and division before moving on to fractions next week. We have two books to study, 'Weslandia' and Michael Morpurgo's 'Kasper: Prince of Cats'. Our topic theme will hopefully involve lots of field studies and trips around the local area to study the river and environment around Walsingham. So much to look forward to! Please do get in touch if you have any questions.

BOOKS FOR SCHOOLS TOKENS

If you still have any tokens, please send them into school by the deadline - **Friday 21st January**, then we will count them up and submit our total to see if we win!
